

VOLUME IV – EMPLOYER’S EVALUATION CRITERIA

PART 8 – Training of ACP Personnel (100 Points).

In accordance with Volume V, Part 8, the Tenderer shall develop a training plan to support the transitions between Contractor’s staff and Employer’s staff. The proposed plans will be reviewed with two elements evaluated, (1) completeness of the overall training plan in addressing the requirements of Section 01 79 00 (Demonstration and Training) and Volume V, Part 8 [50 points available], and (2) the plan to use technical support staff to ensure the full and proper training of the Employer’s Operations and maintenance staff [50 points available]. The training plan is expected to address Operations training for staff that will be working in locks Operations at the time of the Employer’s Taking Over and maintenance training for those personnel to be trained during the transition period at the end of the three-year maintenance requirement. 50 points are available for each element.
